Left, Golden Rainbow, \$1,500 top selling female, 1954 Metz Invitational sale. Purchased by Wilbur Steiger & Son.

Another Steiger purchase in the 1954 Metz Invitational was Clipper's Fredia, above, daughter of Baldowie Clipper Chief.

For another foundation heifer Wilbur Steiger & Son purchased the top selling female in the 1954 Britomac sale at \$1,250. She is Britomac Augusta 17th, shown at left.

The Steiger Herd

Rather than buy a lot of medium quality females to found their herd, Wilbur Steiger & Sons, purchased the best available. . . . such females as the \$1,500 top of the 1954 Metz Invitational, the \$1,250 top of the Britomac sale, and the \$910 top of the Ralph Bivin sale, to mention just a few.

By the end of 1956, they had assembled a herd of about 20 top foundation females. Always an admirer of the H. C. Page cattle, when it became apparent that Mr. Page wanted to retire Wilbur Steiger purchased the entire herd.

It is their objective to have a herd of about 40 or 50 of the best Shorthorn brood cows in America. They are in no hurry to achieve this. The purchase of the Page herd is simply a step in that direction. They are willing to divide this herd with the public, selling members of every family in this partial dispersal of the Page herd.

For the past two seasons, the Steigers have carried a show herd to many of the top Illinois fairs. They won many championships and blue ribbons including both the senior and reserve senior bull championships at the Heart of Illinois fair, Peoria.

In order to obtain a sufficient number of females for this sale, the Steigers have reached into their foundation herd and are selling a number of the top breeding females.

You will hear much more of the Steiger herd in the future.

These heifers were raised in the H. C. Page herd and sold in his Nov., 1955, auction sale.

The H. C. Page Herd

Homer Page is recognized by all as one of the ablest cattlemen in the business. His long record of achievement with his Shorthorn herd bears this out. His herd was one of the strongest in the Midwest. Top Page families such as the Missies, Rosewoods, Claras, and Augustas are well known by breeders who have seen Page cattle top sale after sale.

In recent years Mr. Page has made selective purchases of outstanding imported females. Their influence is now being felt strongly in the herd. He has been extremely fortunate in herd bull selection. Recent sires were the well known Edellyn Royal Leader 28th, and the imported sires Morphie Command by Bapton Commando, Kair Envoy by Beaufort Bolido, and his son Broadhooks Envoy out of the great imported cow Drynie Broadhooks 29th.

Two outstanding imported bulls currently head the herd . . . Cruggleton Warwick by Cruggleton Elvin and Burnton Crocus Count 3d by Calrossie Crocus Count.

Homer Page never kept mediocre producers. His herd was further trimmed to exactly the females he wanted to keep through his successful auction held in November, 1955. The herd purchased by the Steigers contained only the females Homer Page had planned for the long range future of the herd. These are the animals the Steigers are dividing with the public.

Mr. Page felt that by placing this herd in the hands of Wilbur Steiger and his sons, Roger and Lowell, he would be placing his work in the hands of capable, aggressive young men who would carry it on for the benefit of the breed.

Every animal on the Page farm went to the Steigers. The purchase of a herd of this quality and size is a big undertaking and it was the Steigers intention upon purchasing the herd to divide the financial responsibility with the public.

Daughters of Morphie Command. Typical of the uniformity and correctness of the Page cattle.

Purchased at Perth by Les Mathers and sold to Homer Page. 13 of the first 14 animals in his pedigree were bred by A. J. Marshall. This pedigree contains a blend of the blood that made the Cruggleton herd world famous. Sons and daughters of Cruggleton Warwick have been sale toppers and have sold into some of the finest herds of the breed. A. J. Marshall considered his dam, Morna Waterloo, the best heifer at Cruggleton of her year. Les Mathers bought a Cruggleton Warwick heifer for 800 gns. at Perth out of Larbert Waterloo 15th, the great-granddam of Cruggleton Warwick. We have a son of Cruggleton Warwick we had planned for use in the herd, but now that we have the old bull we are selling the son (lot 1).

Burnton Crocus Count 3d. Picture taken at nine months of age, the time of his purchase for \$2,100. His first sons and daughters will be featured in this sale.

The son of Calrossie Crocus Count that caught everyone's eye at the Femco Dispersion. H. C. Page purchased him there for \$2,100 at nine months of age. He has matured into a great bull and his calves indicated he will be one of the breed's leading sires. Calrossie Crocus Count came into world prominence when he sired the champion and reserve champion at Perth, 1953, and since that time he has sired two Perth reserve champion bulls. He is out of a dam by the great sire, Beaufort Bolido, Perth reserve champion. Burnton Crocus Count 3d will remain permanently in the herd.
